FROM CHENNAI TO PHOENIX

Trusted AeroSpace Engineering, a supplier of aerospace parts to Boeing, Airbus, and Honeywell, has acquired Joint Alloys for ₹106cr and is investing ₹150cr to expand operations at its Sriperumbudur factory

- This city-headquartered firm's acquisition of the US-based manufacturing company adds two facilities in Phoenix, bringing the total to three units. With this deal, TASE Global aims to grow its revenue to \$100million over the next three years
- TASE is building Industry 4.0 facilities for aerostructure and surface treatment parts in Chennai as part of its brownfield expansion
- TASE can cater to customers worldwide through its dual manufacturing footprint
- TASE is equipped with advanced machinery suitable for producing parts ranging from simple to complex
